E. THE LADIES PAGE

Wow, What a weekend! Danny and I have never participated in a Carl Casper Car Show but it was truly an adventure.

We got to see a lot of amazing cars, meet a lot of great people, and the boys (Peter, Gary, Leo, Russell, Greg & Danny) introduced a lot of people to the Club and several joined the Club.

Leo even introduced a few of them , including my husband, to the

BACON DONUTS

God help us all, not to mention all the other food that was eaten this weekend, but fortunately everyone did fit in their cars when it came time to go. And even though the boys stayed busy rearranging the club's car display, putting a bumper on Peter's car (which by the way took more guys then I thought it should, BUT THEN THEY FIRST PUT IT ON UPSIDE DOWN), and Danny shining everyone's car chrome, we did well this weekend. Danny's MG Midget won 1st place in "Best Foreign Sports Car" **and the club received an award and received a check for 5th place display**. It was again a great weekend and we are so glad we got to be a part of it.
